

2017

# Delicate flowers, crunchy fruit

## Service

Open 1 hour in advance  
Decant  
Serve at 16°C

## Weather conditions

2017 was a very fine vintage, with rain before flowering. The summer was then hot and very sunny, which allowed the vines to flourish.

## Grape variety

100% Malbec

## Ageing potential

*Drink it or cellar it (2024-2040)*

## TASTING NOTES

*Calm ruby. Crisp red cherry, redcurrant, raspberry, black cherry and blackberry converse. The predominantly mineral character is illustrated by a hint of ink and pencil lead.*

*Sage and mango peel call out to you. Cloves and cinnamon confirm the wine's mastery of ageing, while tar and prune reveal the first signs of evolution.*

*In a fresh, ripe register, the intensity of the fruit sails on, carried by lively acidity and structuring alcohol. The tannins complete this stature, not without elegance. The silky, velvety texture, underlined by a lively balance, releases an energetic, long and expressive finish.*
