

2018

Disarming potential

Weather conditions

2018 was an exceptional year, with sufficient rainfall before the summer. As a result, the summer and the harvest period produced a harvest of very good quality and quantity.

Service

Open 1 hour in advance
Serve at 16°C

Ageing potential

Drink it or cellar it (2024-2050 +)

Grape variety

100% Malbec

TASTING NOTES

94/95

points

NEW

Intense ruby. Wild mara, red cherry, blackberry, black cherry, black plum and blueberry come forward in a fresh, ripe register.

Violet and mint lend their finesse, while cinnamon and cloves testify to the precision of the ageing. The first hints of leather and tar come through timidly, promising to assert themselves over time.

Balance is created through intensity. The acidity, alcohol and fine-grained tannins are all assertive. This structured wine already exudes a certain wisdom. The fruit shines through and settles serenely over time.
